

ASSIGNMENT - 1

B.A./B.Com./B.Sc./B.H.M./B.B.A./B.B.M. DEGREE EXAMINATION, MARCH 2023.

Second Year

(i) ENGLISH PAPER – II
MAXIMUM : 30 MARKS
ANSWER ALL QUESTIONS

1. (a) Read the following passage and answer the questions:

Vegetarians do not eat meat, poultry or fish but they do eat eggs and dairy products. Vegans, however, eat foods of plant origin only. They do not take milk or milk products. Avoiding animal foods like this can lead to mineral and vitamin deficiencies, poor iron absorption and lack of calcium. Vegetarians, vegans and a third group pescatarians (who eat fish but not meat) usually eat more fibre and complex carbohydrates than meat-eaters in the form of whole-grain cereals, nuts and pulses. A high-fibre diet can protect us against several diseases of the gut.

- (i) What are the classifications of people based on their food habits?
- (ii) Vegans have curd. True or false.
- (iii) What happens when animal food is avoided?
- (iv) What are some sources of fibre?
- (v) How does a high-fibre diet help us?

- (b) Read the text and answer by choosing the right answer:

If you wish to be a writer you must develop your own point of view. All good writers make us see things in a different light. You may be writing about the same thing as your classmates but your presentation must reflect your personality and individuality. There are so many interesting subjects you can write about in different forms but here we will try to attempt writing short stories. There is a good market for the following types: the humorous stories, the adventurous stories, the domestic stories, the mysteries and stories related to animals and strange experiences. Don't worry if your story turns out to be short some of the best stories are quite short. Be careful about the climax or end of the story. It must be what the reader fears, desires, expects or best of

all, doesn't expect. So, get down to it. Think of a plot, make points on how the story will progress and pen it down.

(i) The most important thing about being a writer is that:

- (1) you must have a pen and paper
- (2) you must have a degree in writing
- (3) you must have a painful heart
- (4) you must learn to develop your own point of view.

(ii) The narrator advises the reader to write in order to:

- (3) encourage him to become a writer
- (4) make him famous among his people

(iii) Most of the people like to read

- (1) horror stories
- (2) social stories

(iv) A successful writer's presentation must reflect:

- (2) his handwriting
- (3) his showy nature
- (4) his superiority to others

(v) The phrase 'pen it down' here means:

- (1) to put down the pen
- (2) to write
- (3) to throw it down
- (4) to throw the pen

Most of us take life for granted. We know that one day we must die but usually we picture that day as far in the future. When we are in good health, death is all but unimaginable. We seldom think of it. The days stretch out in an endless vista. So we go about our petty tasks hardly aware of our listless attitude towards life. The same lethargy, I am afraid characterizes the use of all our faculties and senses. Only the deaf appreciate hearing, only the blind realize the manifold blessings that lie in sight. Particularly does this observation apply to those who have lost sight and hearing in adult life. But those who have never suffered impairment of sight or hearing seldom make the fullest use of these blessed faculties. Their eyes and ears take in all the sights and sounds hazily without concentration and with little appreciation. It is the same old story of not being grateful for what we have until we lost it, of not being conscious of health until we are ill.
